Report to the community

Our Mission

To give every pet in the Hill Country the best life possible through successful rescue, adoption, community relationships, awareness and advocacy.

Our Vision

Safety, comfort, home for every pet in the Hill Country. We have a vision of a community with no pet overpopulation.

Our Values

Can-do: At HCSPCA, we find creative solutions to daily problems. Learning and innovating are part of our fabric, so we see every challenge as an opportunity. We understand that it sometimes takes a few tries to find the right solution, but we stay positive and persistent.

Passion for animals: Where there's a will, there's a way. Our passion for saving animals is our power. No matter the situation, we persevere in saving and improving the lives of animals that cross our path.

Empathy: We're not just animal lovers, but also we're here to serve people. We understand that everyone is on a different journey, with different companion animal needs.

Teamwork: At HCSPCA, we're better together! Our impact grows with our ability to communicate and collaborate. Everyone on our team has a voice and we know that the whole team depends on every person doing his or her part.

Reliability: We don't want to just be another animal shelter. We strive to truly excel in every aspect of the rescue, nurture, educate and adoption processes and with every person with whom we interact.

2019-2021 Intakes

Fix Fur Life

In 2021 Hill Country SPCA hosted two low-cost community vaccination clinics thanks to grant funding from local Walmart community foundations and the PetCo Love foundation. During these clinics, we were able to provide Rabies, DHLPP, and FVHCP vaccinations, Microchipping, Heartworm testing, and preventatives to over 397 community pets from all over the Texas Hill Country.

Additionally we provided 92 low-cost or free spay/neuter vouchers through our Fix Fur Life Spay & Neuter program.

2021 Highlights Smokey & Beau

Smokey & Beau came to us after their owners had passed away from COVID, leaving these boys in our care for over 5 months. Those long months in a shelter took a very hard toll on Smokey. In July, they catapulted into the limelight when over two million people saw a social media post we made about them! Applications came flooding in from across the United States, and the absolute perfect family was found. They traveled all the way from Florida to pick these boys up and take them home, where they have since made themselves very much at home. As an added bonus, one of the adopters who applied for these two were matched with Callie & Dixie, another bonded pair we had in care who had been waiting even longer!

2021 Outcomes

	Adoptions	426
	Returned to Owner	2
	Transferred out	22
	Lost in Care	0
	Euthanasia*	5
	Died in Care*	15

*Of the animals who died in care or were euthanized, No animals were euthanized for time or space reasons.

Healing Hearts

Through our Healing Hearts program, we took in countless animals with extensive special medical needs who would not have otherwise survived.

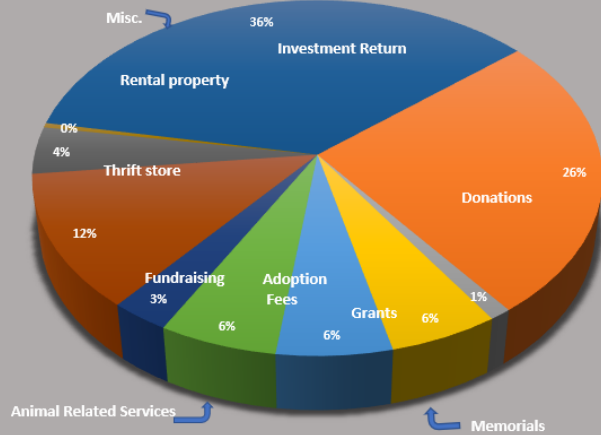

Merci (pictured left) came in after being thrown from a moving vehicle. The good Samaritan and her daughter who witnessed the incident rushed her to us. She was hospitalized, and after multiple surgeries, a bladder repair, and follow-up correction, she is still on the long road to recovery.

Ian (pictured right) came in with "Bloat" A.K.A a flipped stomach. He was found as a stray and immediately rushed into emergency surgery, without which he would have died. Luckily his owners were located, and thanks to our supporters the cost of this expensive surgery was covered, and Ian got to recover in his own, loving home.

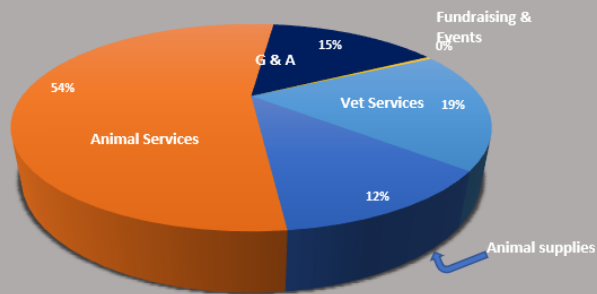

2021 Financials

OPERATING REVENUE

OPERATING EXPENSES

A Quick note....

The Hill Country SPCA does not receive funding from the federal or state government, the Humane Society of the United States (HSUS), or the American Society for the Prevention of Cruelty to Animals (ASPCA).

Though we have "SPCA" in our name, we are not affiliated with any other SPCA including other local shelters or the ASPCA. Donations made to the ASPCA, or HSUS, do not go towards supporting local shelters.

Instead we rely upon the donations and support of our community. We are so thankful that our supporters allow us to continue to save lives. We couldn't do it without YOU!
